December 2026

WORK EXPERIENCE

Amazon

GTM Strategy Intern

Seattle, WA

May 2025 – August 2025

- Conducted interviews across 13 partner teams to uncover pain points from team-specific to enterprise scale, culminating in a cross-functional workshop fostering collaboration and driving consensus on customer-centric GTM process improvements across business units.
- Performed deep-dive analysis on large sales and pipeline datasets to surface bottlenecks and trend insights, shaping process changes that streamlined operations and improved sales team efficiency.
- Applied Kaizen principles for continuous improvement, developing scalable AI-integrated strategies that reduced pipeline manual steps by 20%, accelerated client onboarding, and prioritized customer experience.

Center For Internet Security

Product Management Intern

Remote

August 2024 – May 2025

- Contributed to product strategy for CIS Hardened Images and SecureSuite® offerings, conducting competitive analysis and user feedback sessions to help define roadmap priorities, shaping enhancements that bolstered cloud (AWS/Azure) adoption.
- Led compliance validation by collaborating with product owners and engineers to refine assessment workflows and ensure deliverables met profile requirements
- Engineered PowerShell automation pipeline for data aggregation, slashing manual reporting time by 60% and boosting team agility for benchmark-driven product updates.

Continental AG

Sales Operations Intern

Auburn Hills, MI

May 2024 – August 2024

- Built Excel automation tools using macros, advanced formulas, and Gen AI to replace manual workflows, saving the team 20+ hours per month and accelerating report turnaround by 35%
- Implemented Agile methodologies through iterative sprints and daily stand-ups, enhancing cross-functional collaboration and accelerating supply chain decision-making
- Conducted contract negotiations with GM buyers, tracking and updating \$10M+ in pricing data within SAP to ensure accuracy, compliance, and favorable terms

LEADERSHIP & CONSULTING EXPERIENCE

Warrior Consulting Group

Lead Consultant

Detroit, MI

August 2023 – Present

- Led a consulting engagement to create an economic and social impact study of Detroit Metropolitan Airport (DTW), managing a team of student consultants and coordinating with regional stakeholders
- Synthesized large datasets on airport activity, visitor spending, and transportation to quantify DTW's contribution of \$10B+ in annual economic output, 86,000+ supported jobs, and \$300M+ in tax revenue for Michigan
- Produced a 50+ slide executive presentation and a 30+ page whitepaper and presented findings to the Mayor of Detroit and DTW executives, delivering strategic recommendations on tourism, infrastructure, and community development

Warrior Ventures

Investment Analyst

Detroit, MI

August 2023 – Present

- Built financial models (DCF, NPV, IRR, and scenario analysis) to evaluate startup valuations ranging from \$2M–\$25M, supporting portfolio decision-making
- Presented investment recommendations to partners, incorporating market and competitive research on early-stage startups to highlight valuation ranges, return multiples, and strategic alignment
- Assessed ROI and cash flow projections, while also analyzing startup metrics like burn rate and runway to evaluate financial sustainability and growth potential
